

The Regional Risk Reduction Initiative
SHARING KNOWLEDGE AND RESULTS TOWARDS IMPROVED RISK RESILIENCE

Grand Cayman Marriott Beach Resort, Cayman Islands

24 May, 2012

AGENDA

<p>8:00 to 8:30 Opening ceremony</p>	<p>Welcome Opening remarks - Cayman Islands Opening remarks - UNDP Group photo</p>	<p>Danielle Evanson, R3I Project Officer, UNDP The Hon. Franz Manderson, Deputy Governor, Cayman Islands Stein Hansen, Deputy Resident Representative, UNDP Barbados and the OECS</p>
<p>8:30 to 8:45 Introduction</p>	<p>Introduction R3I overview</p>	<p>Alexandre Vacher, R3I Project Coordinator, UNDP</p>
<p>8:45 to 10:00</p>	<p>PANEL 1: Cost effective solutions for hazard mapping and vulnerability assessments Moderator: Alexandre Vacher, R3I Project Coordinator, UNDP Barbados and the OECS</p>	
<p>15 min 10 min 10 min 10 min 25 min</p>	<p>Cayman Islands: Approaches to hazard mapping Sint Maarten: Experiments in bathymetric surveying and use in coastal modelling BVI: How to excavate safely Aruba: Simple methods for vulnerability robust data collection Q&A</p>	<p>McCleary Frederick, Director, Hazard Management Cayman Islands (HMCI) Paul Martens, Head, Section Disaster Management, Sint Maarten Garymar Rivera, Senior Technical Planning Manager, Department of Disaster Management (DDM), BVI Rino Hermans, Crisis Management Office, Aruba</p>
<p>10:00 to 10:30</p>	<p style="text-align: center;">COFFEE BREAK</p>	
<p>10:30 to 12:30</p>	<p>PANEL 2: Developing capacities in GIS, HM and VA for improving resilience Moderator: Prof. Jacob Opadeyi, Prof of Geomatics, Engineering and Land Management, UWI St Augustine, Trinidad and Tobago</p>	
<p>10 min 10 min 15 min 10 min 10 min</p>	<p>The application of GIS to risk reduction and training for the OCTs Montserrat: Starting the process of HM and VA Cayman Islands: Developing vulnerability assessments Vulnerability curves analysis toward economic risk assessment From vulnerability assessment toward resilient spatial planning</p>	<p>Jacob Opadeyi, Prof of Geomatics, Engineering and Land Management, University of the West Indies, St Augustine, Trinidad and Tobago Lavern Rogers-Ryan, GIS Manager, Physical Planning Unit, Montserrat McCleary Frederick, Director, HMCI, Cayman Islands Simone Sterlacchini, PhD Researcher, Institute for the Dynamics of Environmental Processes (IDPA-CNR), Italy Andrea Tamarelli, PhD Researcher, Institute for Environmental Protection</p>

15 min 35 min	Information management and retrieval – GIS and Document Management Systems (DMS) integration Q&A	and Research (ISPRA), Italy Silvia Grava, Foreign Business Manager/Joint Venture Team Leader, GESP, Italy
12:30 to 14:00	LUNCH	
14:00 to 15:30	PANEL 3: Advancing collaborative tools and methodologies for risk reduction Moderator: Dr Virginia Clerveaux, Deputy Secretary, Ministry of Government Support Services, Turks and Caicos Islands	
10 min 10 min 10 min 10 min 10 min 10 min 25 min	Anguilla: The multiple functionality of geospatial data BVI: Coastal hazard modelling preparing for disaster and climate risk Curacao: Multidisciplinary team building for search and rescue Advancement of search and rescue capacity in Caribbean disaster response Anguilla: Inter-agency cooperation for oil spill management BVI: South-South cooperation to improve shelter management Q&A	Melissa Meade, Director, Department of Disaster Management (DDM), Anguilla Philip Warner, Executive Director, Smith Warner International Ltd, Jamaica Elvin Regina, Disaster Coordinator/Fire Chief, Fire Department, Curacao Ron Mobley, Chief Operations Officer, Caribbean Emergency Responders Training Academy (CERTA) Melissa Meade, Director, DDM, Anguilla Sharleen DaBreo Director, DDM, BVI
15:30 to 16:00	COFFEE BREAK	
16:00 to 18:00	PANEL 4: All-hazard warning systems enhancing public safety Moderator: Paul Martens, Head, Section Disaster Management, Sint Maarten	
10 min 15 min 10 min 10 min 10 min 10 min 10 min 40 min	Anguilla: Pioneering CAP-based alerting systems in the Caribbean Integration of CAP systems – more than just ICT A regional network of EWS systems Testing new technologies – cell broadcasting Montserrat: Relating the relevance of redundancy Use it – making warnings work in the OCTs Stay Safe! Public awareness for effective EWS Q&A	Damian Barker, Communications Officer, DDM, Anguilla Kathleen Imhoff, Project Team Leader, Baastel, Canada Efraim Petel, President, Alerting Solutions Inc (ASI), USA Arthur Botterell, EWS and Communications expert, USA Billy Darroux, Director, Disaster Management Coordinating Agency (DMCA), Montserrat Arthur Botterell, EWS and Communications expert, USA Kathleen Imhoff, Project Team Leader, Baastel, Canada
18:00 to 18:15	Wrap up and closing	Ian King, Disaster Risk Reduction Programme Manager, UNDP
