

**SHARING KNOWLEDGE AND RESULTS
TOWARDS IMPROVED RISK RESILIENCE**

Cayman Islands - 24th May 2012

Introduction – R3i overview

**R3i**
Regional Risk
Reduction Initiative

Building Capacity in Disaster Risk Reduction in the OCTs
National outputs with regional integration

**R**egional
Risk
Reduction
Initiative

Overseas countries
and territories

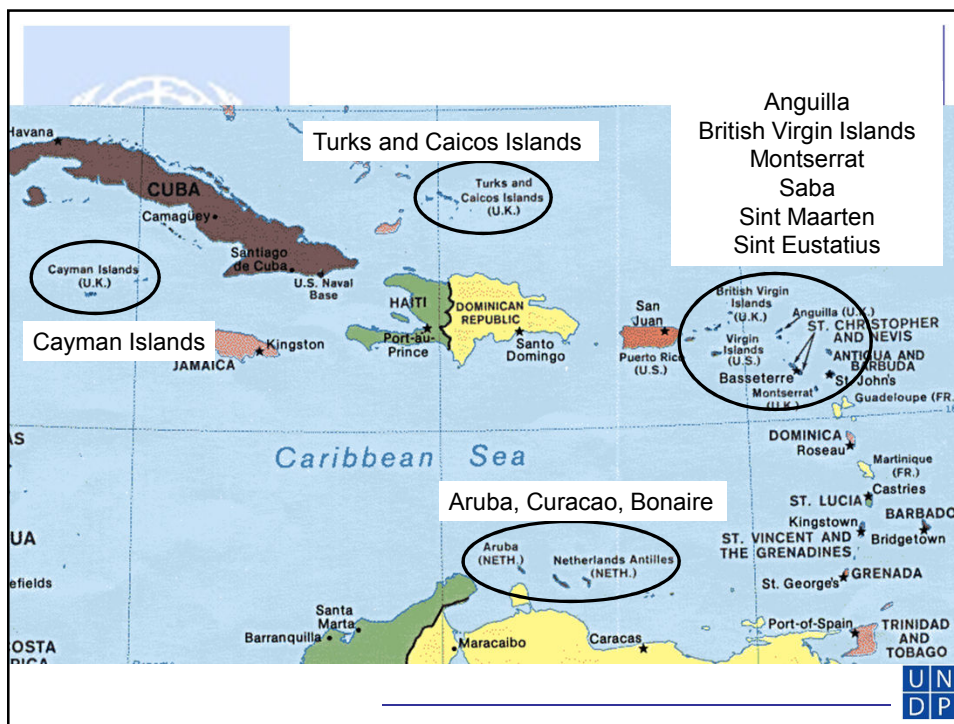

Regional expertise
for national outputs

Regional Integration

Comprehensive disaster
risk management

More than a project,
a regional cooperation effort

Martinique – February 2010

"We are all different, but we are going to do this project together"

A group of approximately 15 people, including men and women of various ages, are standing on a metal walkway or stairs outdoors. They are dressed in casual attire, and some are wearing blue shirts. The background shows a building and some greenery. The UNDP logo is visible in the bottom right corner.

€4.9M - Financed by the EU - Implemented by UNDP			
	Output 1	Output 2	Output 3
	Hazard Mapping and Vulnerability Assessment	Early Warning Systems	Response rescue and Recovery
Anguilla	Geodetic and aerial LIDAR survey. GIS technical assistance and trainings	Leading EWS country. New CAP server. Warning systems. POE	Emergency Telecom Equipment. Oil-spill training. BCM training
Aruba	Preliminary and structural Vulnerability Assessments. GIS trainings.	Pilot country. CAP server. Warning systems. Integration assistance. POE	Emergency Telecom Equipment. SAR. Oil-spill and BCM trainings
Bonaire	Preliminary and structural Vulnerability Assessments. GIS trainings.	EWS capacity assessment and recommendations.	Search and Rescue (SAR) capacity assessments. BCM training
Cayman	Quantitative risk assessment and loss estimation studies. GIS trainings	EWS capacity assessment and recommendations.	Search and Rescue (SAR) capacity assessments. BCM training
Curacao	Preliminary and structural Vulnerability Assessments. GIS trainings.	EWS capacity assessment and recommendations.	Emergency Telecom Equipment. SAR trainings and BCM trainings
Montserrat	Preliminary and structural Vulnerability Assessments. GIS trainings.	Pilot country. CAP server. Warning systems. Integration assistance. POE	Emergency Telecom Equipment and training. BCM training.
Saba	Capacity assessment and GIS trainings	EWS capacity assessment and recommendations.	Search and Rescue (SAR) capacity assessments. BCM training
St Eustatius	Capacity assessment and GIS trainings	EWS capacity assessment and recommendations.	Search and Rescue (SAR) capacity assessments. BCM training
Sint-Maarten	Innovative bathymetric survey. Inland and coastal flood modeling.	Pilot country. CAP server. Warning systems. Integration assistance. POE. Cell Broadcast study	Search and Rescue (SAR) capacity assessments. Oil spill and BCM trainings.
TCI	Preliminary and structural Vulnerability Assessments. GIS trainings.	EWS capacity assessment and recommendations.	Search and rescue trainings and equipment. BCM trainings
Virgin Islands	Tsunami and Storm surge modeling. Topographic and Bathymetric data. Cut-slope assessments. GIS trainings	EWS capacity assessment and recommendations.	Emergency Telecom Equipment and training. BCM training. Provider of Shelter management trainings.

Expertise and coordination

Output 4 – technical assistance

- Access to international expertise: Coastal Hazards, Early warning systems, Geology, Hydrology
- Capacity assessments (B-Tool) – June 2010
- Access to regional networking seminars and trainings

Output 5 – coordination, communication

- R3i documentary, reports, brochures and communication products
- Coordination team, reporting and monitoring
- Coordination meetings (TMTs, Project Boards)

So now concretely...

Sharing results and addressing sustainability.

Panel 1 : Cost effective solutions

Panel 2 : GIS and hazard mapping

Panel 3: Tools for risk reduction

Panel 4: Warning systems

Pain shared is pain lessened; joy shared is joy increased. Thus do we refute entropy.

Spider Robinson

Have great sharing day !
